Opto Engineering® Vision 2018

Tuesday, November 6

- 10.00 - *Massimo Castelletti* - LED illuminators for high speed imaging
- 10.45 - *Massimo Castelletti* - Structured lights and special optics for 3D vision
- 11.30 - *Francesco Mondadori* - New TC CORE PLUS series: compact measurement systems for large FOVs
- 13.30 - *Francesco Mondadori* - New TCZRS series: the future of zoom telecentric lenses
- 14.15 - *Luca Bonato* - 360° view optics - simplicity and beauty vs multi-camera systems
- 15.00 - *Luca Bonato* - Opto Engineering® PENSO™: using statistical-based AI for the inspection of highly variable samples
- 15.45 - *Luca Bonato* - FabImage Studio: a flow-chart approach to vision solution software developing in Machine Vision
- 16.30 - *Francesco Operamolla* - Adaptive Optics. The new way to focus: faster and easier than ever

Wednesday, 7 November

- 10.00 - *Massimo Castelletti* - LED illuminators for high speed imaging
- 10.45 - *Massimo Castelletti* - Structured lights and special optics for 3D vision
- 11.30 - *Francesco Mondadori* - New TC CORE PLUS series: compact measurement systems for large FOVs
- 13.30 - *Francesco Mondadori* - New TCZRS series: the future of zoom telecentric lenses
- 14.15 - *Luca Bonato* - 360° view optics - simplicity and beauty vs multi-camera systems
- 15.00 - *Luca Bonato* - Opto Engineering® PENSO™: using statistical-based AI for the inspection of highly variable samples
- 15.45 - *Luca Bonato* - FabImage Studio: a flow-chart approach to vision solution software developing in Machine Vision
- 16.30 - *Francesco Operamolla* - Adaptive Optics. The new way to focus: faster and easier than ever

Thursday, 8 November

- 10.00 - *Massimo Castelletti* - LED illuminators for high speed imaging
- 10.45 - *Massimo Castelletti* - Structured lights and special optics for 3D vision
- 11.30 - *Francesco Mondadori* - New TC CORE PLUS series: compact measurement systems for large FOVs
- 13.30 - *Francesco Mondadori* - New TCZRS series: the future of zoom telecentric lenses
- 14.15 - *Luca Bonato* - 360° view optics - simplicity and beauty vs multi-camera systems
- 15.00 - *Luca Bonato* - Opto Engineering® PENSO™: using statistical-based AI for the inspection of highly variable samples
- 15.45 - *Luca Bonato* - FabImage Studio: a flow-chart approach to vision solution software developing in Machine Vision
- 16.30 - *Francesco Operamolla* - Adaptive Optics. The new way to focus: faster and easier than ever
